

KyoungJin Oh

Seoul, Republic of Korea | 2364ohkj@yonsei.ac.kr | 2364ohkj.github.io/ | github.com/2364ohkj

EDUCATION

Yonsei University, Seoul, Korea

B.S. of Computer Science and Engineering

Mar 2022 - Present

GPA: 4.01/4.30 (cumulative), 4.13/4.30 (major)

RESEARCH INTERESTS

Interested in **Computer Systems**, with a particular focus on **Operating Systems**.

HONORS & AWARDS

High Honors: Top 3%; Honors: Top 10% of the cohort.

Honors

Awarded by Yonsei University

Dec 2024

- 2ND Semester, 2023

Silver Prize, The 1st Yonsei GenAI Contest

Awarded by Yonsei University SW-Centered University Program

Oct 2023 – Dec 2023

- Developed web-based software using the OpenAI API.
- The software takes an artwork as input and outputs the appropriate lighting for the exhibition and how the artwork would appear when displayed in the exhibition under that lighting.

High Honors

Awarded by Yonsei University

Aug 2023

- 1ST Semester, 2023

Honors

Awarded by Yonsei University

Aug 2022

- 1ST Semester, 2022

EXPERIENCE

KAIST CVLAB, Seoul, Korea

Undergraduate Intern

Jun 2025 – Sep 2026

- Supervised by Prof. Seungryong Kim
- Contributed to the restoration team, specializing in text-aware restoration.

Yonsei CIPLAB, Seoul, Korea

Undergraduate Intern

Jan 2025 – Mar 2025

- Supervised by Prof. Seonjoo Kim
- Contributed to the diffusion team.

Jobssul Startup

App Developer & Data Analyst

May 2023 – Aug 2023

- Developed a university briefing aggregation and registration application covering multiple academies.
- Analyzed admissions results and trends across all Korean university departments over the past few years.
